

Design Your Zero Waste Event

Overview: Any event, be it wedding, birthday, festival or school annual days, generate waste, which most often could be avoided. The idea of a Zero Waste event is to refuse use of non-biodegradable/non-recyclable items, Reduce the generation of waste and recycle every waste which is generated

Objective: Equip the audience with skills to design their own event as a Zero Waste Event

Content: Role play method to understand various aspects of Zero Waste Event planning

Duration: 1 hour

Audience: Any individual interested in hosting a Zero Waste Event

Outcome:

- Reduction in amount of waste going into landfill(especially single use cutlery)
